- Short Term Course on Japanese language
- NOCN-UK Diploma
- Passport Services to Students
- Clubs of the Departments
- Activities under clubs

Department of Electronics And Communication Engg.

Overall Program specific Improvement

Short Term Course on Japanese Language

Short term course of three months on Japanese Language is being conducted at **Government Polytechnic for Women, Faridabad** since last three years. Department of Technical Education, Haryana has signed MOU with **Japan Foundation**, New Delhi for providing A1 level training to our students. Till date, 53 participants of final year from Electronics and communication Engg. Department have been awarded certificates by delegates from Japan Foundation, New Delhi. Apart from learning Japanese, the short term course provides global cultural inheritance, competitive edge over other job aspirants and enhances overall personality, memory and focus of the candidates. Bulk placement of **33 students of Electronics and Communication Engineering of Government Polytechnic for Women, Faridabad** in Japanese organization YOKOHAMA (2019-2022) Batch is an evident boon of the program. Here is the list of students who have been awarded certificate from Japan foundation.

Dear Ms. Meenu Raman,

We are glad to share that competent authority has given approval to initiate International Diploma -UK level 5(equates to India level 6) jointly by HSBTE in collaboration with NOCN, UK at your Institute for Electronics & Communication Engg. branch as a pilot run with an objective to enhance employability and pathway to higher education overseas. To work out further on this undersigned alongwith W/Secretary HSBTE, Dr Rajesh Goyal will be visiting your Institute on Tuesday dated 26.04.2022 where in Dr. Sunil Abrol India Head-NOCN UK and his associates will also participate.

During this visit, In continuation with the objective of "Swawlambi Yuva" Project for creating entrepreneurs from the Polytechnics, W/secretary, HSBTE would also like to have personal interaction on this with all the stakeholders for creating time bound Roadmap on establishment of Atamnirbhar Cell in the Institute, linkage with industrial organizations and activities to be undertaken. Accordingly it is requested that necessary arrangements may be made for interaction with proposed Project Institute Industrial partner Mr. Rajeev Chawla, Chairman IamsmeofIndia, some of the local entrepreneurs, faculty and students during the Visit.

Thanks & Regards
(Hitesh K Arora)
